Care That Cough.

Do not suffer your lungs to become diseased by allowing a cold to continue without an effort to cure it. Thousands have died premature deaths, the viethus of consumption, by simply neglecting a cold.

Dr. Wm. Hall's Balsam for the hings will cure colds, coughs and consumption surer and quicker than any other remedy. It acts almost like amgie in many cases, and in others, its effect, though slow, is sure if persisted in aceording to directions.

Presidential Appointees

The following is a list of the most Important office holders In our Government, appearted by the Pre ident from the State of Indian culone

tien-Walter Q. Gresbaur, Post nuster General; Hon. Jonn C. New. First Assistant Secretary of the Treasury Hon, John W. Foster, Envoy Extraordinary and Minister Plenip tentlary to Madrid, Sponn; Gen. Lewis Wallace, Enviry Extraordinary and Minister, Plenipstentlary to Constantinople, Turkey; Hon. William Williams, Change d'All ties, Paraguay and Urugu-Law Clerk in the Post-office Depart ment and hi charge of the Division Commissioner of Pensions; and J. E. Hilbard, SuperIntendent of Coast and Geodetic Surveys.

The above are only the most important ant and lucrative positions. In addithon to these it is estimated that there are about 500 Indianlans lu the Govern nent employ as eterks &c. When we emsider the vast Influence these vail-Sus employees have at their respective omes, that their relatives and friends all over the State will use every client and means possible in supporting the party in power in order to keep in high positions their friends and klusmen, need we wonder that the party he pow er is almost invincible? When we further consider, that the party now having the executive department in Its hands, is the avowed friend, year slave to Iron foundries, National Banks, and manufacturing bomopolies with their untold millions to layish In their own aggran lizement, should an t Democrats be proud of their well tought buttles .- Medismerith Times.

If disease has entered the system the only way to drive it out is to purify and enrich the blood. To this end, as is acknowledged by all incheal men nothing is better galanted than Iron. The fault hitherto has been that from could not be so prepared as to be also Intely harmless to the teeth. This difficulty has been overcome by the Brown Chemical Company, of Baltlmore, Mil., who offer their Brown! Iron Bitters as a faultless from preparation, a positive cure for dyspersia, indigestion, kldney troubles, etc.

A Good Time Coming!

It is more than likely that you all know what a boom a first class show is, and what a plague a rattletraje atfair can make Pselt. You are shortly to be visited by what the leading newspapass of the country pronounce to be the very greatest organization in the mutty, etc. ' The attractions are extremely manifold, and the weete men her of a tew leading ones would mousbe empoys intellect. The Angle Amer ean Circus of four combland shows ravelling as it does, exclusively by rail or its own special rats, makes fruitfu comise of smorterly in presenting the latest and greatest teatmes th earth contains. Von will see the five great giants; the stered white came the spotted leopard tuan, Allie mo-Bernard, the Infant marvels; Mile Orton, the hero horseman. Fields' tive funny clowns; the Natura bubdipus the Japanese circus; the Spanish the jugglers; the Orieroid parades; me wonderful riding dog; the three great cirens fromes and the greatest union of our greatest shows for one ticket you have ever seen. It tak is phote at Beaver Dam, Thursday, April 19h, 1883.

she is perfectly well.

J. Ballary, Hurdett, N. Y. Freeze same as lee cream.

of mills and a dozen butter crackers. Kimbles.

Causes of Dew

It dew fell it would fall for the same Five of the sweetest words in the reason that rain falls; but dew does not English language begin with he fail. It is simply a deposit of moise a cores or to the same which is only a breath; heart, hope, always contained in the air to a great, we need a thrain to a called or less degree, and which, which  $\sim 10^{-16}$  ,  $\sim 10^{-16}$  ,  $\sim 10^{-16}$ Is enough of it, will always to no on use may edd lody exposed to the mois atta In precisely the same way that a cool buftle or stone, taken have a sold er her an I suddeniv expose the the shall but it e medst warm summer nic, will ber on

the air. It is for the same reason that Feathers, ribbons and velvet can all moisture will condense against the slowly freezing while its deposits from lee which we so often admire in who-Jumbles.-One plut of sour cream, ter. When the weather is cool enough

two caps of sugar, three eggs, a quart the moisture will even freeze plantof flour, into which is slited two tear and grass, and then we call it hose spoonfuls of baking powder; season trost; if it does not freeze it as simply with chinamon; cut Into rings and fry dew. The only point left to be explained is why does the ground become so cold during the ulgit, swimmly couler than the alr above, as to cause the latter to deposit its measure. This was for many years a vexed problem till Wells tirst suggested the radiation of obsence heat, which takes pince from Vi. Gridiant Mufflux. One quart of the surface of the earth, through the Graham flour, two tenspoonfuls of bak | clear atmosphere into the space | all ave, may powder, a plene of littler the size of and so causes, the surface to become a walnut, one egg, one teaspaonful of much corder than the air itself. He sugar, one-half teaspoonful of salf, milk demonstrated this by means of therenough to make a batter as thick as for mometers placed at different their its. and also by the fact that dow is only Mr. A. C. Locke, 313, Magnolla aves deposited on cloudless alghis. When mile, Louisville, Ky., says: "Brown's there are clouds they rethret the heat A some fore for from Bitters completely cured one of or prevent it from escaping. The surdyspepsia after other remedies failed." face of the earth thus using kept trongcouling, no dew is deposited.

Mrs. Jane S. McIntosh, Louisville,

Dr. Mott's Liver Pills.

These pills have never been advertise. ed very much, but they have just as much intrinsic merit as though they were puffed to the skles by indiscrlinimide mivertising. Try them and be

tablespoonful of sweet milk, two tea- The Spring number of Enut one spoonfuls of baking powder, bake in a FASHTON QUARTERLY mode than tulhollow pan. Cream, three eggs, one fils the promise of its probeessors pint of milk, three tablespoontnis of Within the compass of its one immired flour, five tablespoonfuls of sugar, a and twenty pages, it sets before as little salt, flavor to taste and boll until readers an absolutely complete equiome of the fashlons of the counting that Keep to your place and your place son in ladies' wearing apparel and satwill keep you. But you cannot expect ties of every kind; and this, not to a to keep your place without health, the shape of a series of vague generalities boundation of all success. For instance, such as the ordinary fashion jatered a railroad engineer in the supploy of lonoften contents itself with, but by the U. M. & St. Paul R.
